Interesting and historical course-related facts

Founded in 1898, the Atlanta Athletic Club outgrew its former home downtown at its former East Lake property. The original downtown club was located on Edgewood Avenue and through the ages twice outgrew its space and relocated. The club added a golf course and country club at East Lake in 1915 and moved to the present Johns Creek location in the late 1960s. The club includes two championship golf courses, a nine-hole par 3 course, 42-000 sq.-ft. athletic center, indoor and outdoor tennis courts, Olympic-sized pool, club rooms and dining facilities. Every year since 2009 an independent survey group has ranked the Atlanta Athletic Club in the top 10 of country clubs in the United States.

Bobby Jones grew up playing golf at the Atlanta Athletic Club's East Lake Country Club, which the club built in 1906. Bobby Jones became the world's most famous amateur golfer and his career culminated with the Grand Slam of golf in 1930. He served as president of the Club and was an active member until his death in 1971.

Course architect/date:

Robert Trent Jones Sr. (back 9) and Joe Finger (front 9), 1967 and 1971

Golf course management facts

For additional information please visit gcsaa.org/newsroom or contact the Communications Department at 800-472-7878.

GCSAA is a leading golf organization and has as its focus golf course management. Since 1926, GCSAA has been the top professional association for the men and women who manage golf courses in the United States and worldwide. From its headquarters in Lawrence, Kan., the association provides education, information and representation to nearly 18,000 members in more than 72 countries. GCSAA's mission is to serve its members, advance their profession and enhance the enjoyment, growth and vitality of the game of golf. Find GCSAA on [Facebook](#), follow GCSAA on [Twitter](#), and visit GCSAA at www.gcsaa.org. The Environmental Institute for Golf is the philanthropic organization of the GCSAA, and has as its mission to foster sustainability through research, awareness, education, programs and scholarships for the benefit of golf course management professionals, golf facilities and the game.
