Q6: Please answer the following questions regarding power equipment usage at your facility. Are you currently using any battery-powered, or "zero emission equipment," at your facility (i.e. leaf blowers, string trimmers, mowers etc.)?

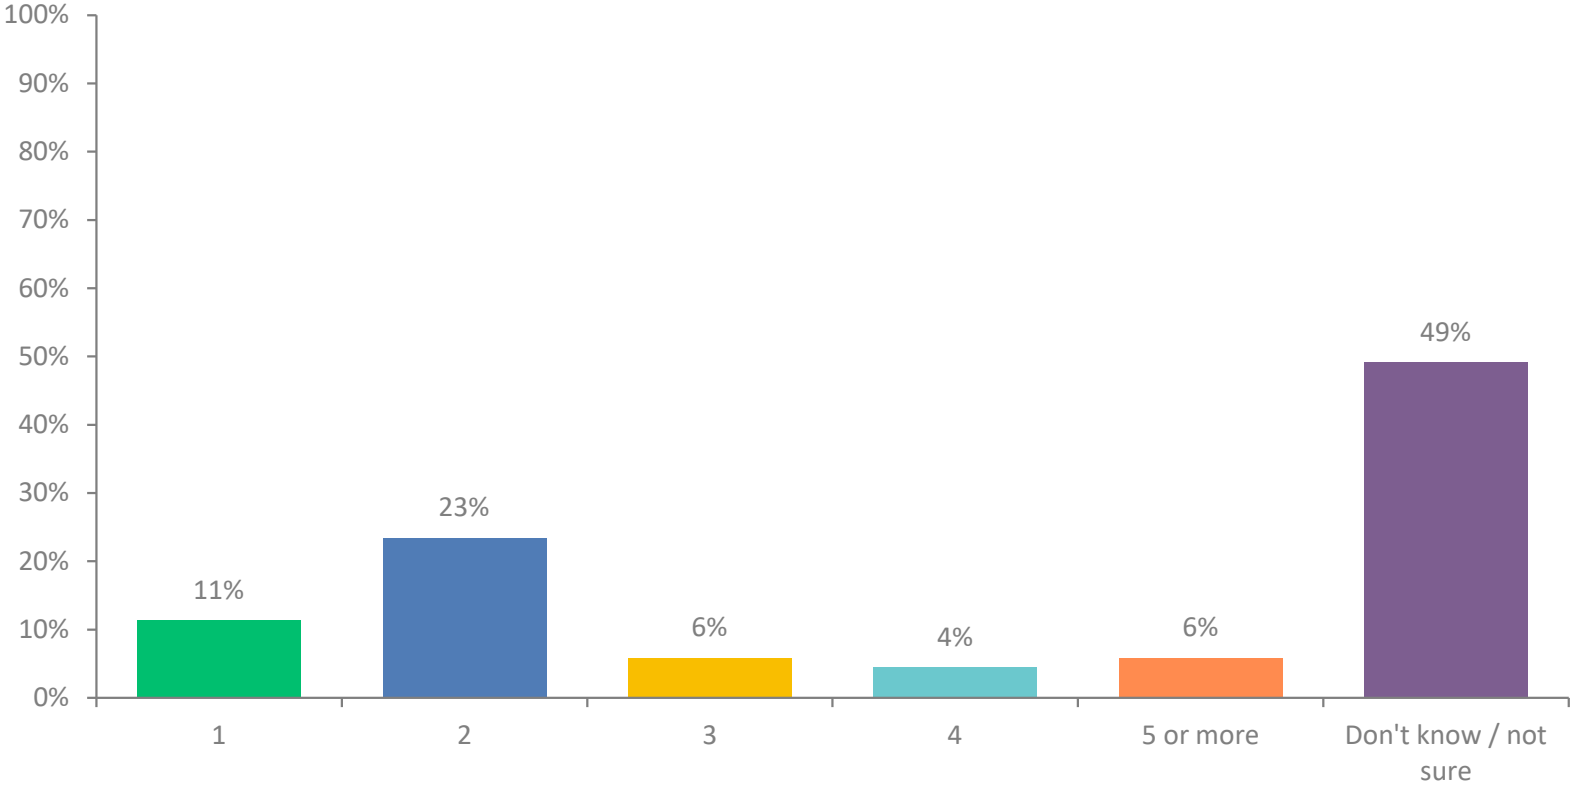

Q7: What type of battery-powered equipment do you use at your facility?

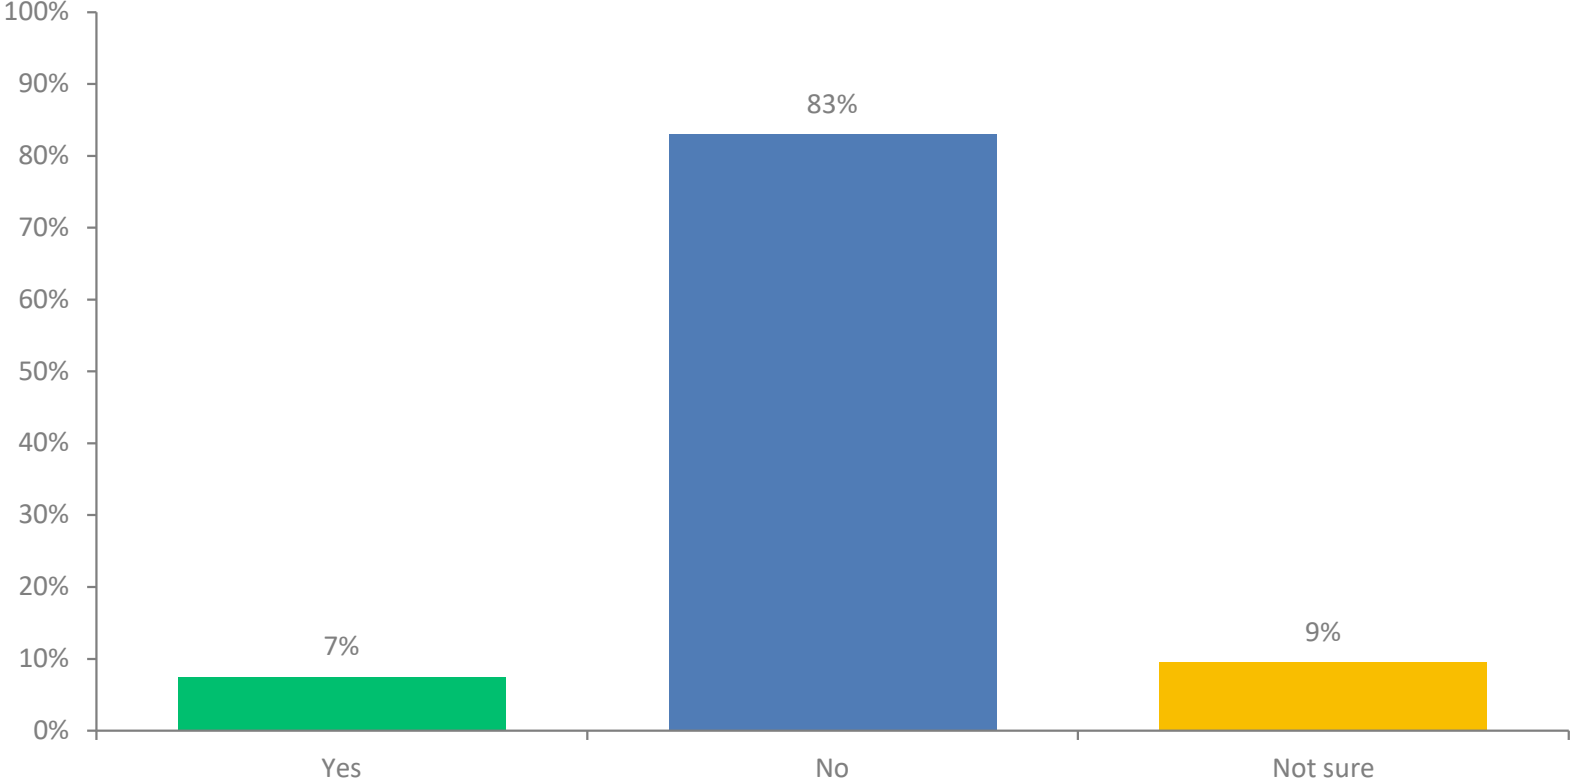

Q8: Regarding handheld blowers specifically, how many batteries are used in a single blower per day?

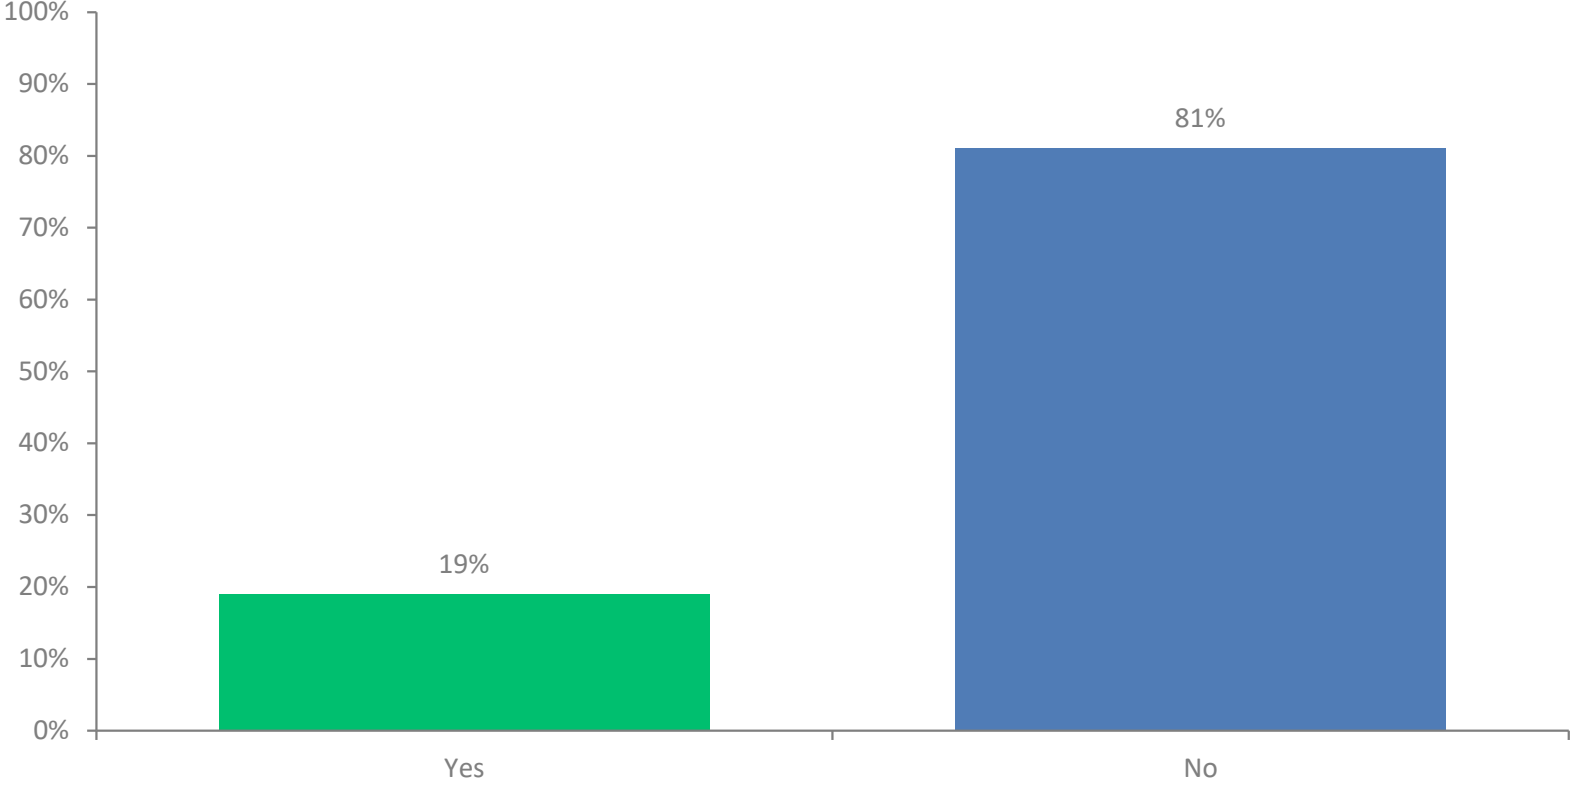

Q9: Regarding backpack blowers specifically, how many batteries are used in a single blower per day?

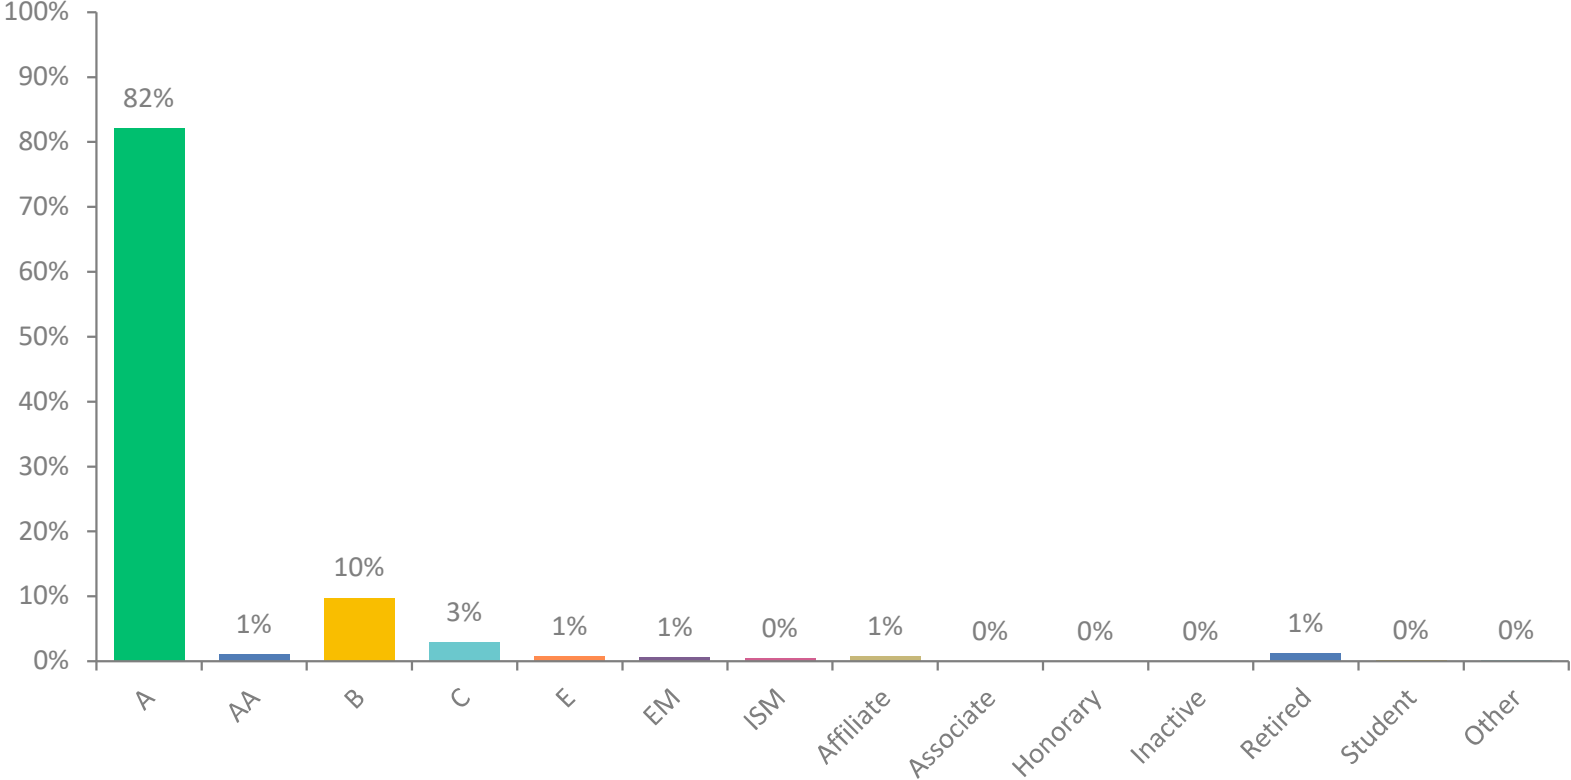

Q11: If mandated by your state or local government to convert to all electric equipment (as was proposed for municipal facilities by the Washington State Legislature in 2022), would your facility currently have the capacity to charge a fleet of mowers and other types of power equipment used daily at your facility?

Q12: Are you aware of any proposed bans or restrictions on power equipment in your city, county, or state within the last three years?

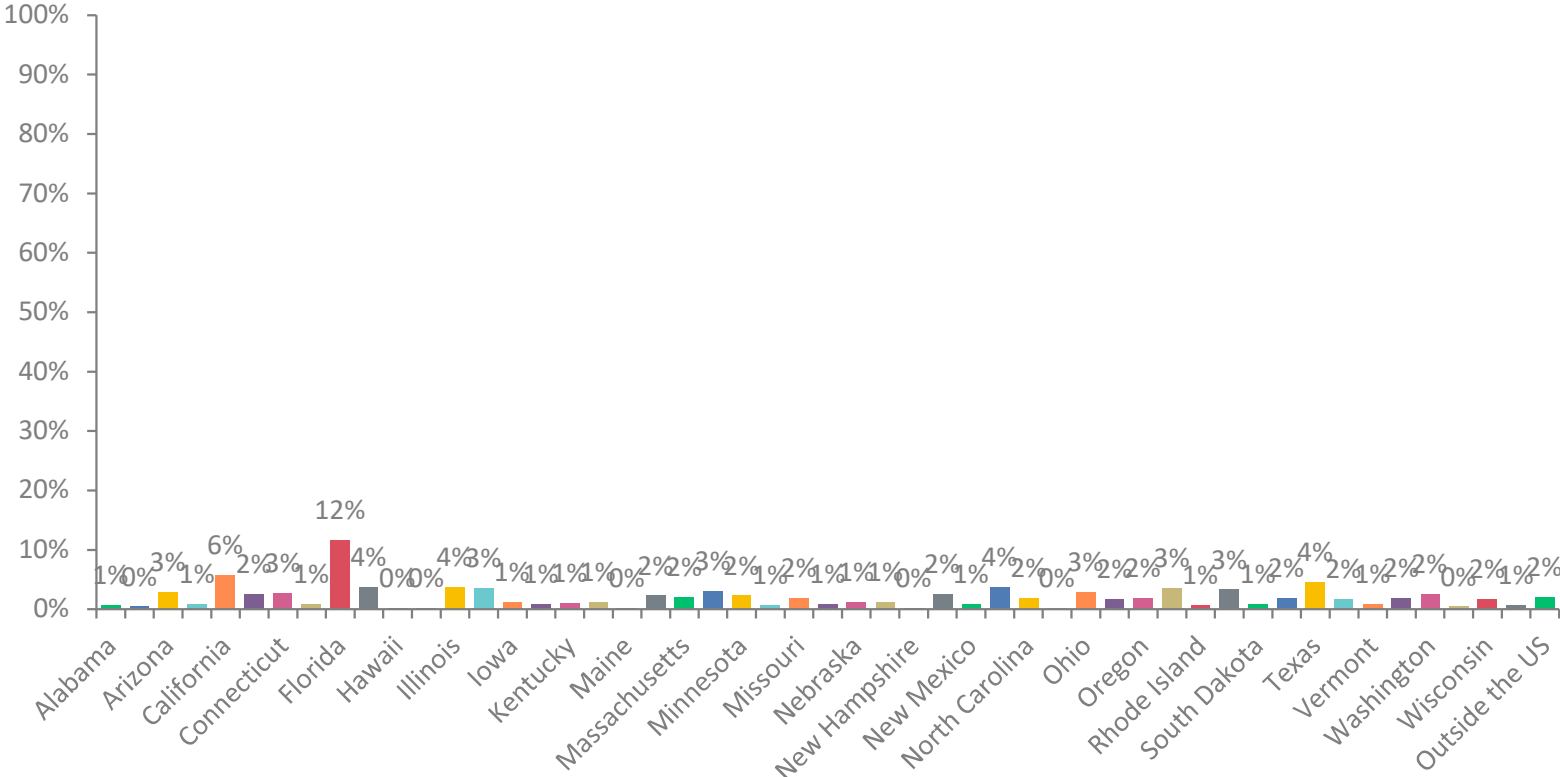

Q15: What is your GCSAA member type?

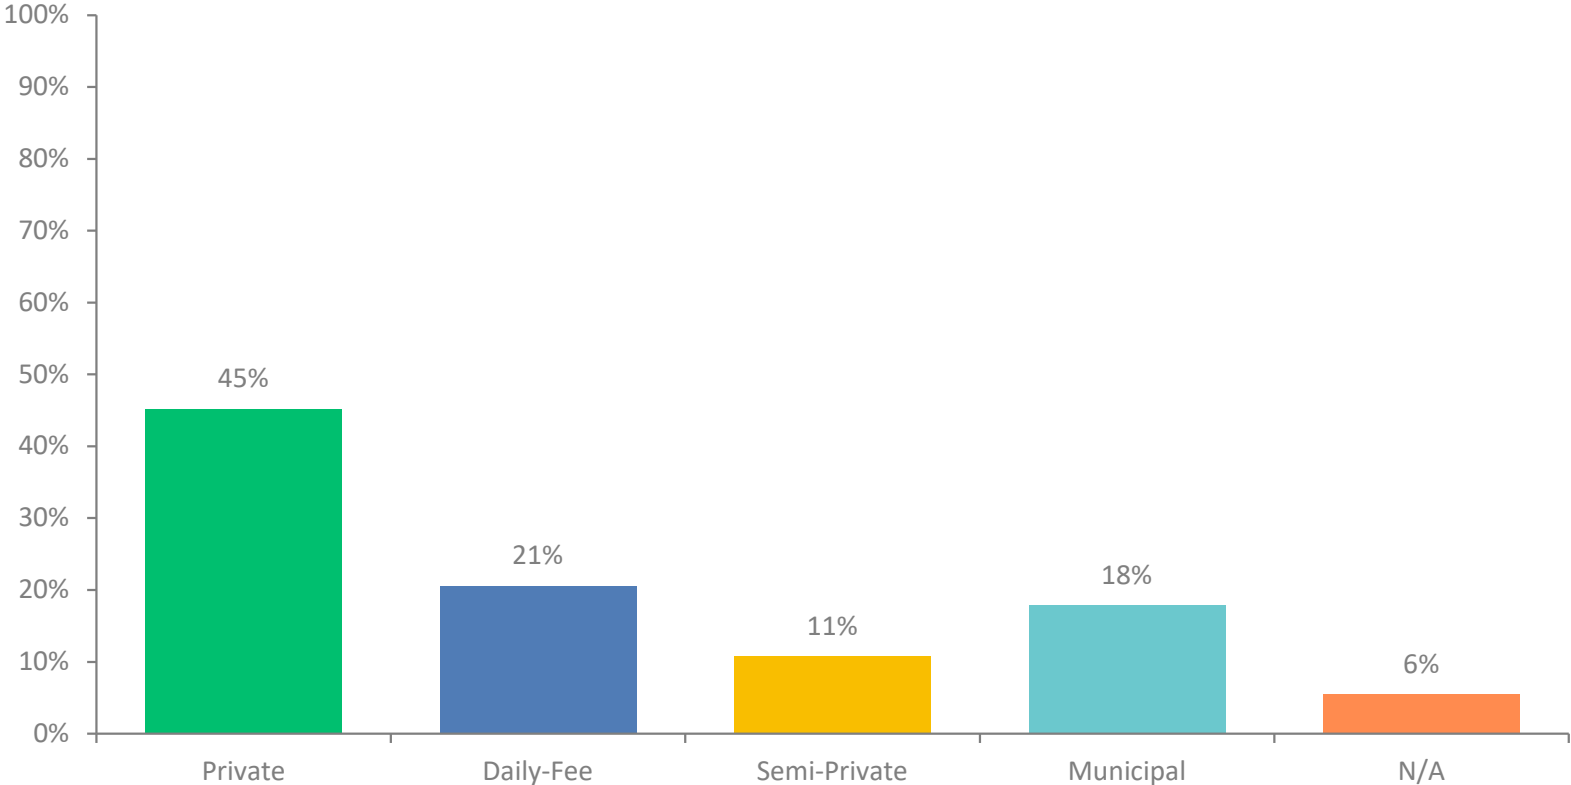

Q16: Where is your facility located?

Answered: 492 Skipped: 65

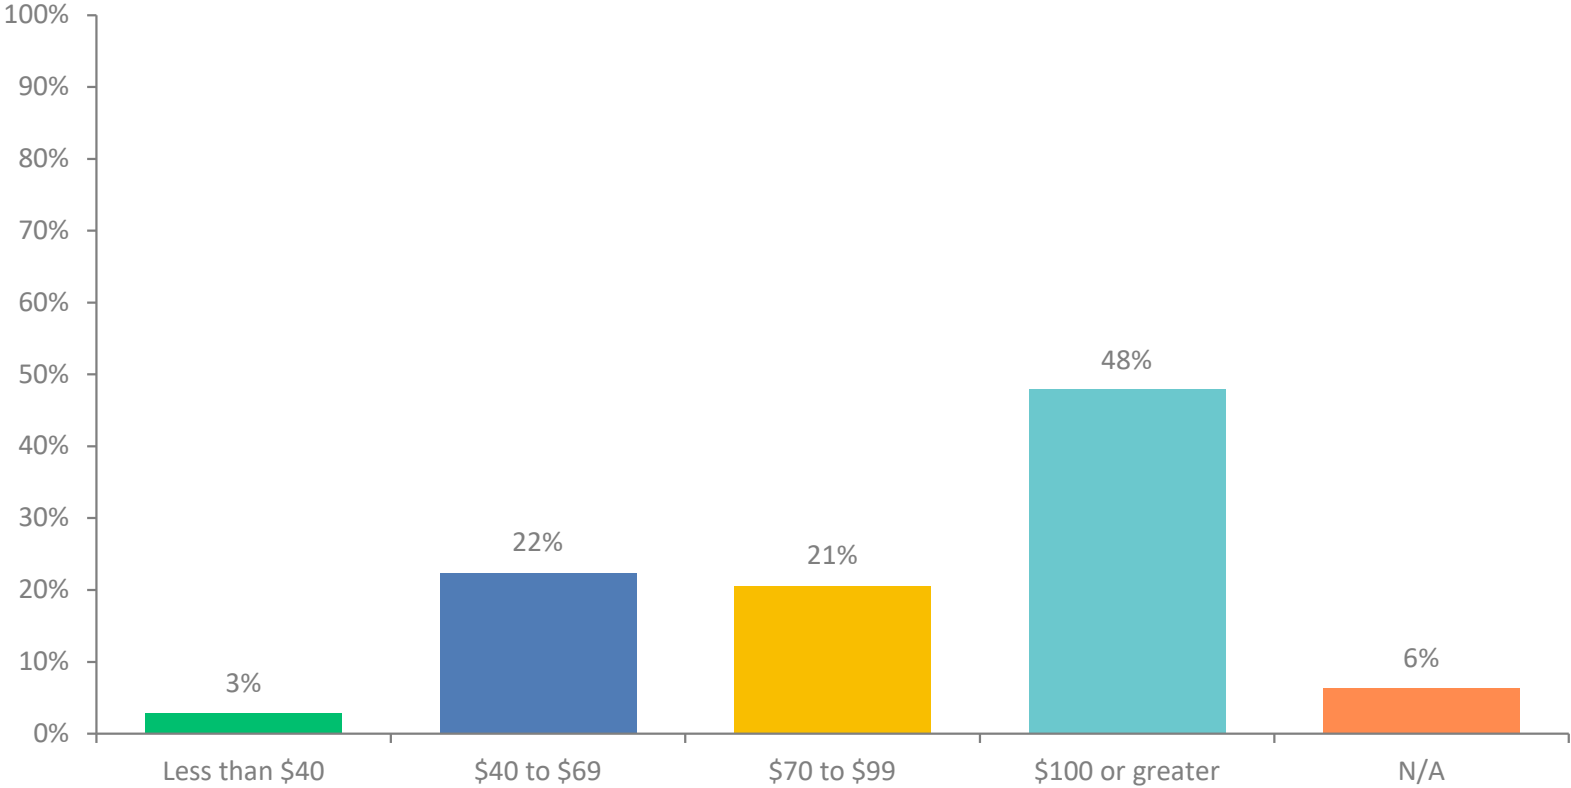

Q17: Which of the following best describes the type of facility at which you work?

Answered: 491 Skipped: 66

Q18: What is your peak season weekend green fee including cart? If at a private facility, please indicate your guest fee.

Q18: What is your peak season weekend green fee including cart? If at a private facility, please indicate your guest fee.

ANSWER CHOICES	RESPONSES	
Less than \$40	3%	14
\$40 to \$69	22%	110
\$70 to \$99	21%	101
\$100 or greater	48%	235
N/A	6%	31
TOTAL		491

Q19: Would it be ok for GCSAA to contact you about the feedback you have provided in the survey in case we have any additional questions?
