The Honorable Chad F. Wolf  
Acting Secretary of Homeland Security  
U.S. Department of Homeland Security  
3801 Nebraska Avenue, NW  
Washington, DC 20528

Dear Acting Secretary Wolf:

As representatives of small and seasonal employers throughout the country, the H-2B Workforce Coalition urges you to immediately resume processing H-2B visas under the authority granted to the Department under the Fiscal 2019 Consolidated Appropriations Act and subsequent continuing resolutions, including the Further Continuing Appropriations Act, 2020, and Further Health Extenders Act of 2019, which was just signed into law by President Trump. Under this authority, DHS may process an additional 34,716 visas.

The 33,000 cap for the first half of the fiscal year was reached on November 15. Without the immediate release of these additional 34,716 visas, many employers across the country will be without the critical workforce they need to operate in the next few months. These businesses will not be able to fulfill contracts. They will be forced to turn away customers and may need to lay off American workers whose jobs are supported by H-2B workers. In some cases, they will be compelled to shut down their operations entirely. Further, many of these businesses will try to salvage the remainder of their seasons by applying for the workers under the second 33,000 cap, which is woefully inadequate to meet the bona fide labor needs of seasonal businesses that need workers for the spring and summer. Releasing the authorized visas now will not only help employers who need critical workers in the winter and early spring, but doing so will also eliminate some pressure on the second half cap and help prevent additional resource strains on Departments of Labor and Homeland Security as they work to process petitions with a start date of April 1.

As stated by GAO in multiple General Counsel decisions, a continuing resolution appropriates funds *to continue* the activities funded in the current Appropriations Act while *incorporating the terms and conditions that applied to those appropriations in the fiscal year.* (<http://www.gao.gov/products/D14657>.) The purpose of a continuing resolution is to maintain the previous year's status quo with regard to government funding **and operations**. Continuing resolutions "are intended by Congress to be temporary stop-gap measures enacted to keep existing federal programs functioning after the expiration of previous budget authority." 58 Comp.

Gen. 530, at 532; see also B-324481; B-300673; 66 Comp. Gen. 484 (1987); B-209583, Jan. 18, 1983. We have also said that a “continuing resolution generally maintains the status quo until Congress can pass a formal appropriations act.” B-317022, Sept. 25, 2008, at 6. See also 58 Comp. Gen. 530 (“In enacting continuing resolutions, there is a clear indication that Congress intends and expects that the normal authorization and Page 5 B-328325 appropriation process will eventually produce appropriation acts which will replace the budget authority contained in the resolution.”).

In a strong economy with record-low unemployment, the program’s congressionally mandated cap of 66,000 visas is inadequate to meet the seasonal needs of many businesses. As of last week, employers requested 51,760 workers for the first half of FY20, 35,177 have been DOL-certified and the first half cap was met November 15. This date marks the earliest date in the history of the program that the first half cap has been met. Many employers will suffer as a result unless the Department immediately resumes processing H-2B visas under its continuing authority. During fiscal 2019, the total number of worker visas requested by employers was 189,187 and of that, 150,465 worker positions were certified by DOL. This government data clearly demonstrates the continuing significant shortfall in visa availability for desperately needed seasonal workers.

DOL only issues final labor certification when it concludes that: 1) there are not sufficient U.S. workers who are qualified and who will be available to perform the temporary services or labor for which an employer desires to hire foreign workers; and 2) that employment of H-2B workers will not adversely affect the wages and working conditions of similarly employed U.S. workers.

The fact that the H-2B cap was reached so early in this fiscal year demonstrates, in concurrence with the statutory requirement in the Further Continuing Appropriations Act, 2020, and Further Health Extenders Act of 2019, that there are not a sufficient number of U.S. workers who are willing, qualified and able to fill the temporary positions so desperately needed by seasonal employers. In almost every situation where the DOL has already certified need on an employer-by-employer basis, the failure to issue visa approvals will cause irreparable harm to the business and its American workers. We, therefore, urge the Department of Homeland Security (DHS) to process the additional 34,716 H-2B that are authorized by the law. Should any of these visas remain unused after they have been allocated to employers that have filed for H-2B workers during the first half of this fiscal year, these visas should rollover to the H-2B cap for the second half of the year. On May 8, 2019, DHS and DOL issued a Temporary Final Rule effective allocating an additional 30,000 H2B visas. The Department should now move ahead and release the additional 34,716 visas authorized.

Action on the additional visas should be taken immediately. No additional rulemaking is required less than six months after DHS and DOL released the aforementioned rule. The Departments do not need not to reinvent this regulatory wheel less than six months after they reviewed and completed a rulemaking process on this exact issue. The agencies will not be reviewing new legislative authority or new technical facts that might lead to a different conclusion. *Cf. Wyoming v. United States Dept. of Interior*, 674 F.3d 1220, 1230 (10<sup>th</sup> Cir. 2012) (challenge to earlier

temporary rule moot because intervening temporary rule was “supported by new analysis and a rulemaking process independent of that underlying the [previous] temporary rule”). No substantive legal difference exists between the May issuance of the rule and the enactment of the Further Continuing Appropriations Act, 2020, and Further Health Extenders Act of 2019. Given the significant harm seasonal businesses and their American workers face, we urge the Departments to begin processing the remaining 34,716 H-2B visas authorized under the law in earnest.

The lack of H-2B workers jeopardizes the survival of seasonal businesses and puts their American workers at risk of losing their jobs. The H-2B program is essential to employers who cannot find local temporary workers to fill jobs in seafood processing, horse training, hospitality and amusement parks, forestry, landscaping, circuses, carnivals, food concessionaires, swimming pool maintenance, golf courses, stone quarries and other seasonal industries. These seasonal businesses need H-2B workers to supplement their American workforce.

The H-2B program relies on well-vetted returning workers who come to the U.S. for seasonal employment and then go home. These workers are not immigrants. They provide an opportunity for U.S. businesses to operate at a greater capacity, retain their full-time workers and contribute to their local economies. Seasonal workers help support many upstream and downstream jobs. Every H-2B worker is estimated to create and sustain 4.64 American jobs.

Relief for seasonal businesses that use the H-2B program is desperately needed. We urge you to immediately resume processing the additional 34,716 visas that were authorized for use by Congress.

Cc: Secretary Scalia

Sincerely,
