To order using this form,

you can scan and email it to lwick@gcsaa.org or

fax it to 785-832-4449

whichever is easier for you.

One requirement for Class A membership in GCSAA (or for renewal of certification status) is to show proof of a valid state pesticide license, *or* to successfully pass GCSAA's IPM exam. This requirement was developed to demonstrate the commitment golf course superintendents have to environmental stewardship.

Now available online, our IPM exam is 100 multiple choice and true/false questions testing the basics of pesticide use. When you order the exam, you also get online access to the study guide, created to help you review the principles involved.

The testing fee has now been removed! Your access to the online exam will be processed within two business days of receipt by GCSAA or you can order online in the Learning Hub and again access right away.

You will have up to one year from your enrollment date to complete the exam.

Please call us at **800-472-7878** with any questions you may have. Questions about the IPM Exam or other Class A requirements can then be answered as well.

Thank you for your commitment to environmental stewardship and Good Luck on the exam!
