**An education curriculum designed specifically for you —**

A comprehensive continuing education curriculum created for turf equipment managers to meet the needs of the facility.

**Equipment Manager Career Path —**

Earn individual certificates to complete the Equipment Management Certificate Program. Then, advance your expertise and stand out globally by earning the Certified Turf Equipment Manager (CTEM) designation.

**Equipment Manager Profile —**

A specific equipment manager benchmarking survey is being developed to expand the depth of useful information collected and made available to GCSAA members.

**Expanding industry connections —**

GCSAA is diligent in bringing industry partners on board that have a direct impact on your profession and your needs.

**Your voice in the industry —**

GCSAA will continue to spotlight equipment managers as a valued part of the team. Look for more videos and editorials distributed throughout the golf course industry.
