

THE BEST \$95 YOU CAN SPEND

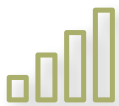

An education curriculum designed specifically for Equipment Managers —

A comprehensive continuing education curriculum is being created for golf course equipment managers to meet the needs of the facility.

Enhancements to the Equipment Manager Certificate Program—

Encourage your equipment manager to earn individual certificates, or become one of the elite equipment managers who have successfully completed them all and received special recognition.

Equipment Manager Profile — A specific equipment manager benchmarking survey is being developed to expand the depth of useful information collected and made available to GCSAA members.

Expanding industry connections — GCSAA is diligent in bringing industry partners on board that have a direct impact on equipment managers and their needs.

The voice of the industry — GCSAA continues to spotlight equipment managers as a valued part of the team. Look for new videos and editorials distributed throughout the golf course industry.
