Benefits For Your Financial Well-Being

Will and Trust Preparation Services

Easy online access

www.CLCmembers.com

User Name: **uhc**

Password: **legal**

- Access to information on estate planning, including articles, forms and financial calculators
- Online, self-service will preparation tool
- Assistance with will and trust document preparation for discounted fee

All services on the CLC Website are provided through CLC Incorporated and/or LegalZoom.

Will and Trust Preparation is an important member benefit that contributes to financial well-being for you and your family.

About 70% of the US population does not seek legal counsel, due to cost concerns. Yet, when confronted with estate planning and related legal matters, most people do not know where to turn to obtain professional guidance, nor can they afford the services they need.

An estate planning program like Will and Trust Services provides easy access to a wealth of online information on estate planning, from articles on a variety of legal and financial topics, to financial calculators and legal forms. In addition, an online self-directed will preparation tool enables you to prepare important legal documents in less than an hour.

Uniting Flexibility, Convenience and Value

The Will and Trust Preparation Services program provides you and your family with online access to estate planning information and tools via an easy-to-use Website. The program includes access to a self-service will preparation tool or 1:1 document preparation assistance for a discounted fee. What's more, because these services are automatically included with your association's life insurance plan, there is no charge for the program.

Here is an overview of the Will and Trust Preparation Services program:

- **Legal Library:** In-depth articles covering a wide variety of current legal topics, as well as frequently asked questions and answers from attorneys.
- **Legal Forms:** Thousands of sample legal forms to cover various legal situations, including estate planning, wills and trusts, living wills, power of attorney and more.
- **Legal Tools:** A self-directed will and trust preparation tool that enables you to create a will, financial power of attorney, living will or final arrangements -- online in less than one hour. You can prepare documents by following detailed instructions and then save those documents online and update them later. (Registration required.)
- **Assisted Document Preparation:** Discounted document preparation assistance from one of the leading national document preparation companies (Fee required.)

The website also provides financial articles covering a wide variety of financial topics, as well as online tools and calculators to assist with investing, retirement, home financing and other financial decisions.
