

Rolling the Dice: Tips for Your Transition to a New Region

John Miller, CGCS
GCSAA Field Staff
Great Lakes Region

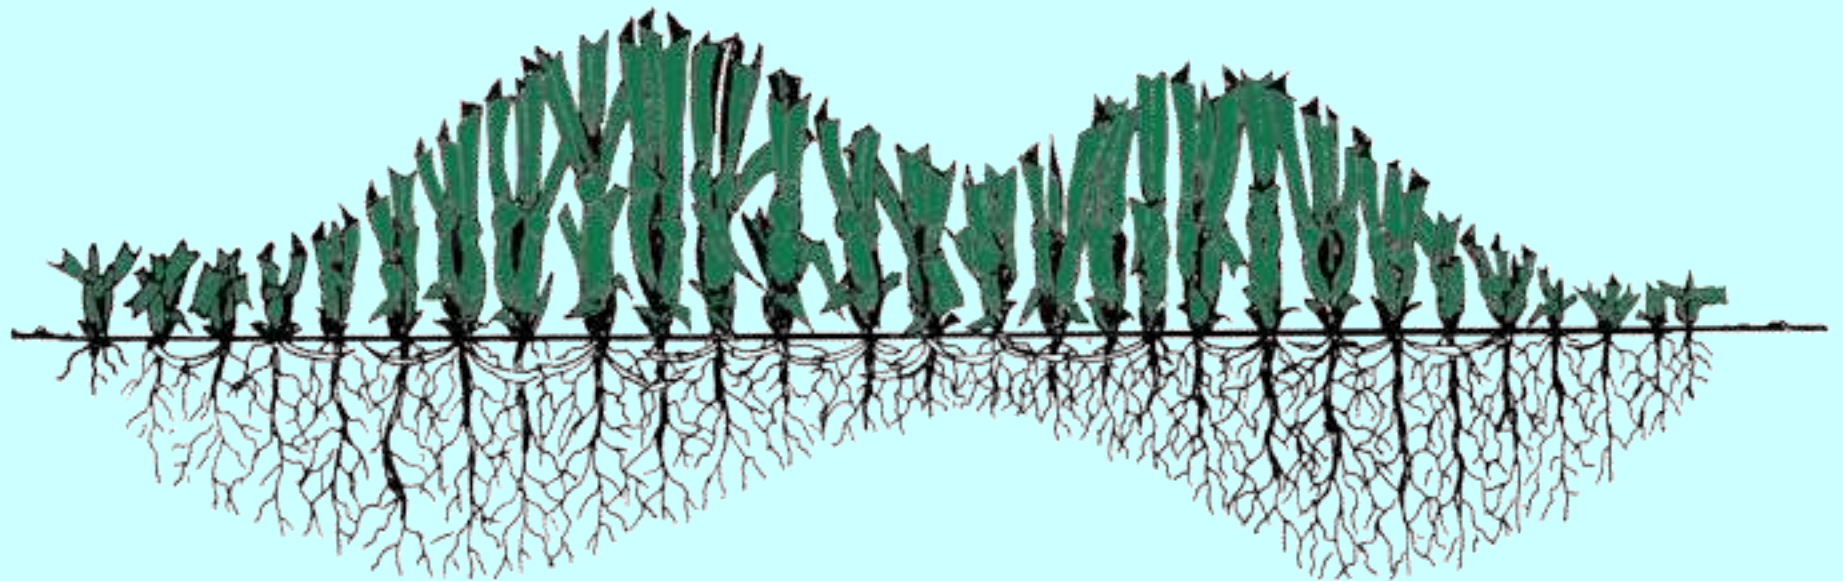

When moving to a new region you must consider

- Environmental/climatic concerns
- Type of grasses you will be dealing with
- Terrain
- Language barriers if changing countries
- Cultural changes
- Club/course politics
- Type of greens construction
- Soil types

Basic Agronomics

- Proper Nutrition
- Air Movement
- Sunlight/Shade
- Water Management

Kentucky Bluegrass

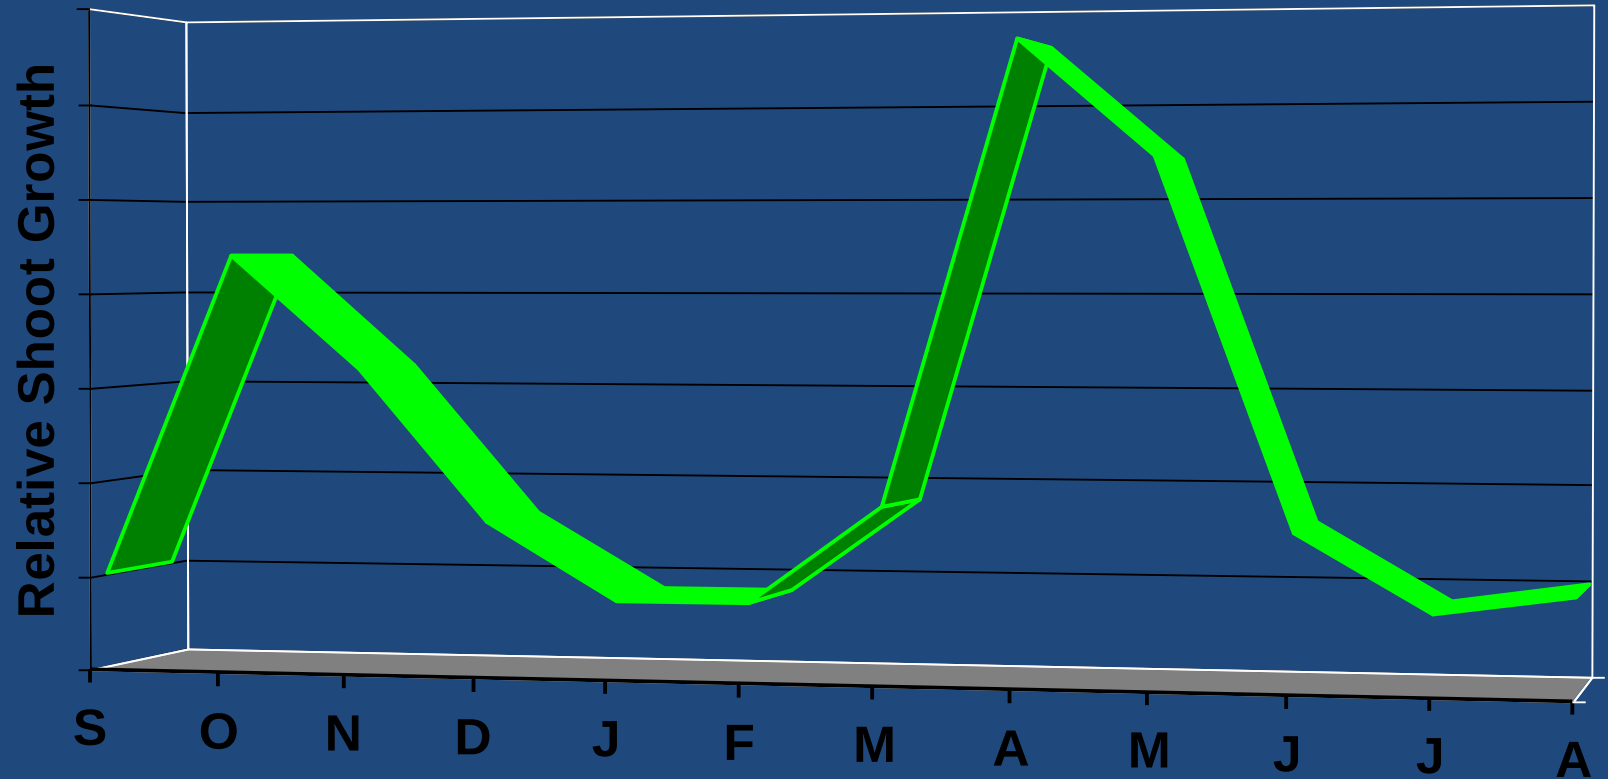

Spring

Summer

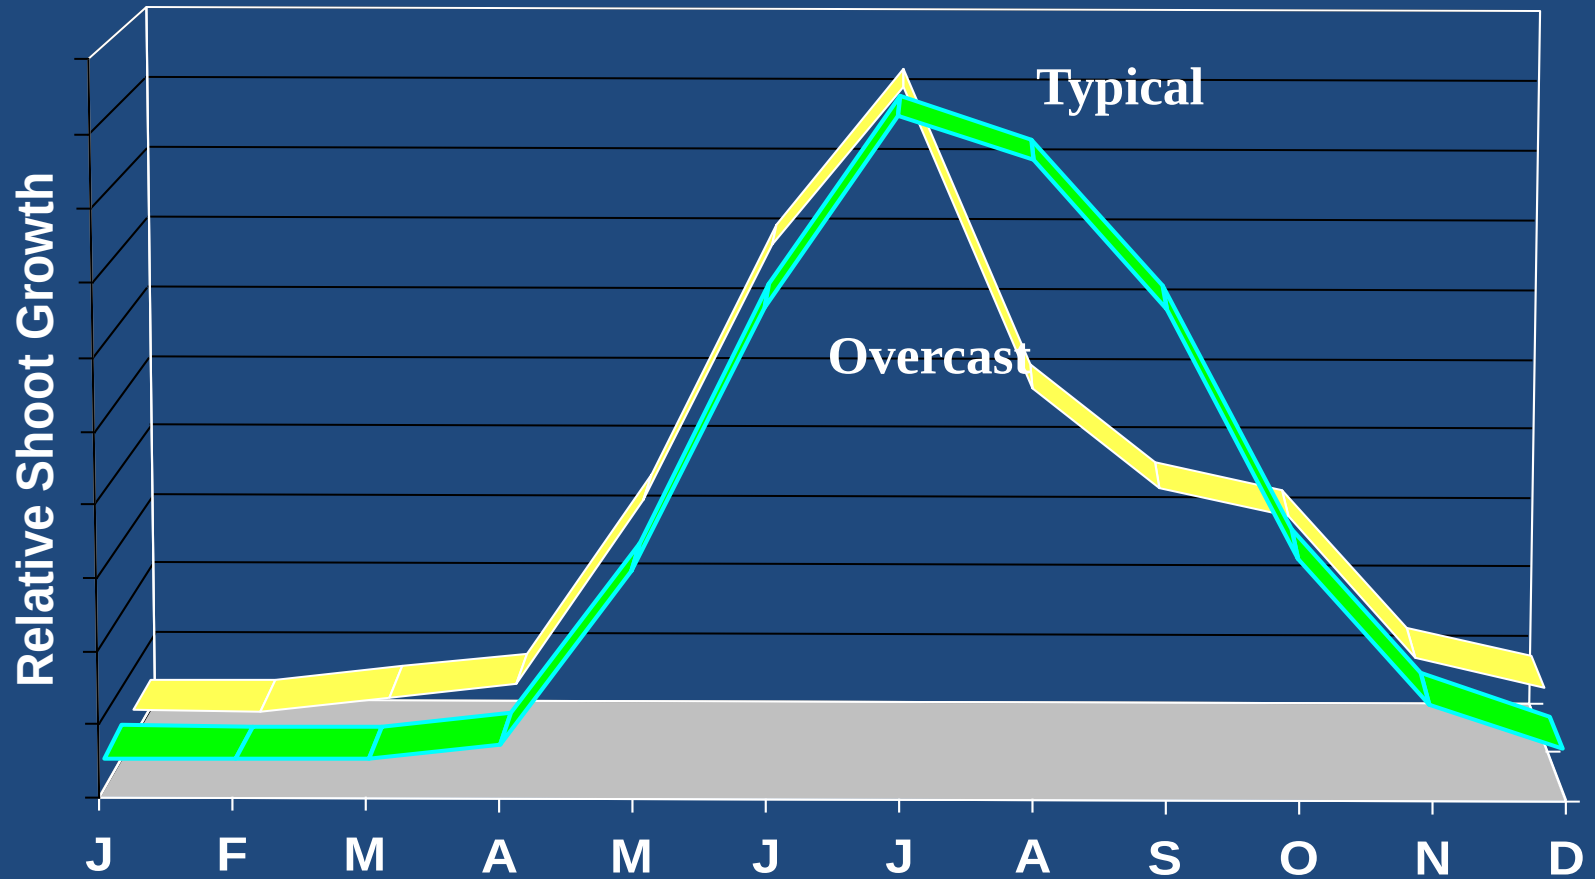

Fall

Winter

Cool Season Turf Shoot Growth

Warm Season Turf Shoot Growth

Thank You!
