Additional Notes

- Bruce Hepner led a complete restoration of the golf course this year, which included new drainage, irrigation, green construction, grassing of greens, tees and fairways.

- The greens were put back the same with some additional pin locations added.

- Native areas were expanded.

- No. 11 and No. 18 had the most significant changes with all-new greens complex on 11 and additional bunkers down left side of 18 along with moving the greenside bunker closer to the green.

- Course received half of its average yearly rainfall in the last two months.

Since 1926 the Golf Course Superintendents Association of America (GCSAA) has been the top professional association for the men and women who manage golf courses in the United States and worldwide. From its headquarters in Lawrence, Kan., the association provides education, information and representation to 19,000 members in more than 78 countries. GCSAA's mission is to serve its members, advance their profession and improve communities through enjoyment, growth and vitality of the game of golf.
