Additional Notes

• Hurricane Ian (Sept. 28) caused tree damage, lake bank erosion and extensive flooding with some holes under water for seven days. Sand bunkers were devastated and required immediate repair to be ready for the winter golf season and this tournament.

• Six weeks after Ian, Hurricane Nicole hit on Nov. 10 and brought additional rain and minor wind damage.

• Course is Audubon Cooperative Sanctuary certified.

Wildlife on course includes deer, turkey, coyote, bobcat, hawks, gopher tortoises, great horned owls and bald eagles.

Since 1926 the Golf Course Superintendents Association of America (GCSAA) has been the top professional association for the men and women who manage golf courses in the United States and worldwide. From its headquarters in Lawrence, Kan., the association provides education, information and representation to 19,000 members in more than 78 countries. GCSAA's mission is to serve its members, advance their profession and improve communities through enjoyment, growth and vitality of the game of golf.
