Approaches: 419 bermudagrass

Tees: 419 bermudagrass .425"

Fairways: 419 bermudagrass .425"

Rough: 419 bermudagrass 2"

Additional Notes

- Rainy, cloudy and cool temperatures have made it challenging to prepare the course for an early season event. Challenges include increased disease pressure, hard to get mowers out on the course and tough to fertilize with wet conditions.

- In 2002 the maintenance staff raised the tree canopy around the entire course and restore several lake edges on No. 3, 4, 13 and 14.

Since 1926 the Golf Course Superintendents Association of America (GCSAA) has been the top professional association for the men and women who manage golf courses in the United States and worldwide. From its headquarters in Lawrence, Kan., the association provides education, information and representation to 19,000 members in more than 78 countries. GCSAA's mission is to serve its members, advance their profession and improve communities through enjoyment, growth and vitality of the game of golf.
