Additional Notes

- Area had driest year ever in 2023 and 2024 was the wettest ever at Tiburon. Course is more than 30" above average rain, which caused setbacks in preparation and turf health.
- Hurricanes setback course preparations one week after heavy rain and clean up.
- Course will host the Grant Thornton Invitational December 13-15.
- Average fairway widths are 50 yards.
- Land was formerly a tomato farm, and plants sometimes pop up in native areas.
- Wesley Rowe was promoted to superintendent last December.

Since 1926 the Golf Course Superintendents Association of America (GCSAA) has been the top professional association for the men and women who manage golf courses in the United States and worldwide. From its headquarters in Lawrence, Kan., the association provides education, information and representation to 20,000 members in more than 78 countries. GCSAA's mission is to serve its members, advance their profession and improve communities through enjoyment, growth and vitality of the game of golf.
