Number of Sand Bunkers: 60

Number of Water Hazards: 3

Number of Holes Water is in Play: 6

Soil Conditions: Clay loam

Water Sources: Natural and city

Drainage Conditions: Good

Turfgrass

Greens: Penn A-4 bentgrass .105"

Tees: Meyer zoysiagrass .500"

Fairways: Meyer zoysiagrass .500"

Rough: Fescue / bluegrass 3"

Additional Notes

- A cold spring has resulted in the warm-season zoysia coming out of dormancy slowly.

- The fescue rough has been slow as well, but should be good for the tournament.

- Driving range targets have been renovated. Three targets with bunkers were added. A hitting bay near the range has been completed.

- Moose, a 9-month-old golden retriever, has been added to the staff with the title of Environmental Relations Coordinator. He oversees goose issues on the course.

Since 1926 the Golf Course Superintendents Association of America (GCSAA) has been the top professional association for the men and women who manage golf courses in the United States and worldwide. From its headquarters in Lawrence, Kan., the association provides education, information and representation to 19,000 members in more than 78 countries. GCSAA's mission is to serve its members, advance their profession and improve communities through enjoyment, growth and vitality of the game of golf.
