### HOW YOU CAN HELP PROMOTE ROUNDS 4 RESEARCH:

Use the following tools to help guide your social media activity as you help promote Rounds 4 Research 2021 donations. We've included copy and video or image assets for each post, but feel free to personalize and share your own photos and experiences as much as possible. Part of what makes Rounds 4 Research special is the joint effort between the EIFG and the local chapters and organizations that solicit rounds to raise revenue for research-based activities in their regions.

### ABOUT ROUNDS 4 RESEARCH

The Rounds 4 Research program was designed to address a critical shortage in turfgrass research funding by auctioning donated rounds of golf online. Rounds 4 Research allows GCSAA chapters and turfgrass foundations to participate as fundraising partners with the

majority of proceeds going back to those organizations. This allows organizations to direct proceeds to projects that will have the most significant impact in their area.

With your support, you can help grow the program and keep the future of our game green. Rounds 4 Research is administered by the Environmental Institute for Golf, the philanthropic organization of the Golf Course Superintendents Association of America and in partnership with The Toro Company.
